"Balzac's First Distribution Condominium Project"

AMENITIES

Located just minutes from Calgary's city limits and 10 minutes from the Calgary International Airport, FIVE66 is located in the heart of Balzac with immediate access to Highway 566, McLellan Trail and QEII (Deerfoot). Your employees will appreciate the close proximity to CrossIron Mills Shopping Centre (Alberta's largest outlet mall with over 200 stores) with quick access to restaurants, quick serve food and gas stations.

MARKET UPDATE

The Calgary industrial market currently has a vacancy rate of 3.5%, and remains resilient as it has experienced yet another consecutive quarter of positive absorption, while other major Canadian markets experienced negative absorption in Q2 2024. Due to high demand in the market, construction continues to be strong, bringing on an estimated 2.4M SF of new construction product year to date in 2024. With the lowest gross rents of any major market in Canada and the ability to accommodate users of all sizes, the GCA has become of the premier destination as Western Canada's distribution hub. Strategically located to offer single day trucking to all major western Canadian markets, Calgary has become a true force in the distribution business.

ABOUT BEEDIE

Since 1954, Beedie has combined innovation and craftsmanship to bring new possibilities to life. Today, Beedie is one of Western Canada's largest industrial and residential developers, having completed more than 35 million square feet of new development. Beedie's vertically integrated structure allows them to implement the highest construction and design standards, and its legacy of relationship-building enables the company to deliver projects that drive commercial value.

As Beedie grows our operations across North America, we have industrial building opportunities available in British Columbia, Alberta, Ontario, and Las Vegas, Nevada.

LOCATION

Driven by Rocky View County's lower property taxes, zero business tax, and overall favourable general costs per square foot, Balzac continues to be the fastest-growing submarket in the Greater Calgary Area (GCA) and more notably, across Canada in 2024. This trend is projected to continue as the Balzac advantage remains favorable to occupiers and investors compared to other submarkets. With 45% of all new construction forecasted in the GCA slated to be in Balzac, the city is well-positioned to meet the area's high demand, ensuring both developers and occupants will see national cost benefits in the region. Among all current active developments, FIVE66 is the only industrial project offering the opportunity to purchase condos, allowing buyers to benefit from and participate in Balzac's positive market growth.

STATISTICS

- Inventory Pipeline**
Currently there is 9.1M SF of inventory under construction in the GCA, of which roughly 4.1M SF is in the Balzac region. Overall net absorption has continued to outpace deliveries for three straight years now.
- Industrial Vacancy**
The GCA vacancy rate remains tight at an average rate of 3.5% in Q2 2024.
